

Cocklebury Farmhouse Homes Newsletter: January 2021

Christmas

Everyone at Cocklebury Farmhouse Homes hope you have managed to enjoy the Christmas period in these unusual times. Alterations had to be made but we have tried to keep as many of the residents' much-loved traditions as possible.

Each home has hosted separate Christmas parties and there was even a visit from Socially Distanced Santa to give out a few early presents

Each resident has helped to decorate their rooms along with the communal areas and gardens.

Greenway's Outdoor Space

Greenway Park has recently finished the construction of a marquee in the back garden. This will allow residents to enjoy the outside space without having to worry about the unpredictable British weather. This also creates a space for Greenway residents to have socially distant meet ups with family/friends.

We are also installing an electric awning that will provide shelter from the sun's rays with warmer months later in the year.

COVID19 UPDATE

We have tripled the amount of testing within the home and to date are proud to say that we have not had a single positive test throughout the 3 homes.

At present we are still waiting for our invitation to receive our Covid19 vaccines, but we expect this to be in the next few weeks.

We hope this newsletter finds you well and everyone at Cocklebury Farmhouse homes would like to wish you a happy 2021!

Up Coming Events

- ❖ To celebrate Chinese New Year the homes will be organising parties to see in the year of the OX.
- ❖ Valentines Party Fancy Dress Party with pre recorded concert from Phil Charles
