

Cocklebury Farmhouse Homes Newsletter: June 2021

Recent Events

We have continued to celebrate a myriad of different occasions such as our Cinco de Mayo Mexican night complete with Pinatas competitions, Mojitos and a Mexican supper.

We have purchased a projector which allows us to replicate the cinema with regular movie nights.

With all this glorious weather in Wiltshire, the BBQ season is very much upon us. Phil Taylor has been putting on regular cook outs and inviting groups of residents up to his garden on a weekly basis.

Spring Watch

The residents have been flexing their green fingers recently.

Now that Spring has sprung the residents have been tending to the vegetable patches and herb gardens within the grounds. These are then used to cook with and season our summer menu.

COVID19 UPDATE

Each resident, in all 3 homes have now received both Covid-19 vaccinations. We are expecting to receive an additional booster jab in the Autumn/Winter.

We are very proud to say that we have not had a single case within the homes.

Residents continue to be supported on visits with family/friends out of the home. These visits require comprehensive risk assessments and safety measures to be put in place. Please contact the management team if you would like to discuss a possible visit in the coming months.

Up Coming Events

- ❖ **Make your own pizza night.** Residents will be making their own dough and dressing it with their favorite toppings during an Italian themed pub night.
- ❖ **Summer Fete** complete with BBQ, Tombola and garden games.
